**MIND YOU! YOU ARE SPECIAL!**

You are the product of millions of years of evolution, making you unique combination of gifts and talents. There has never been anyone like you before and there will never be anyone like you again. What you feel, what you dream, is so different from what anyone else feels and dreams.

**You are here for a reason**

You were born with an innate capability to do, be and have will that your heart yearns for. There is something you are supposed to be doing and you must not waste another day ignoring it. You are the only one who can change your life! In order to achieve and succeed you must recognize that your only true commitment is being true to yourself. You must be relentless architect of your own unique possibilities. You must have the guts, the persistence and (remember?). The passion, to do everything you can to fight like hell to stay focused. Make it your war cry to stay focused, avoiding the often subtle and not so subtle powers and forces which will pull you off your true path and away from your deserved hopes and ambitions. Practice the ancient all-important art of wish craft. What I mean by this is keep your focus on the goals and dreams that the real you wish to achieve. Shun the raps and trips that others would lay on you. Listen to your heart and believe in your ability to create a happy meaningful life regardless of outside factors or pressures imposed upon you by the needs and wishes of others.
